1200 W. Washington Avenue
Phoenix, AZ 85007

DOCKETED BY	
-------------	--

Gentlemen:

I strongly support the AECC amendment so that we will have real electrical power competition in Arizona. It is critical that we keep Arizona competitive for continued industry growth. The growth of small manufacturing businesses such as mine has contributed to Arizona's success in the last few years and control/reduction of our costs will continue to drive these results.

Thank you for your support of this amendment.

Sincerely,
